

Surface Mount Isolator 0.7 to 3.8GHz

- Good temperature behavior, high aseismatic capability.
- Low insertion loss, high power handling, high isolation.
- Meet RoHS standard, high quality, low price, fast delivery.
- Commercial, military and space applications.
- May according to demand making to order.
- One year standard limited warranty.

* Please specifies frequency range and power when you put order.

* The narrower frequency range you choose, the higher performance and lower cost you can expect.

* If your requirement not in list, we still can make it, please contact us.
